CU Boulder Chancellor Search Committee

“We are incredibly honored to serve on the CU Boulder Chancellor Search Committee. We are grateful for the thoughtful due diligence of President Saliman during this process, and we are confident the community will believe, as we do, that they are being presented with an outstanding finalist from a large pool of highly qualified applicants. The Committee is incredibly proud of the work we’ve done, and we strongly support the finalist. We believe the process was fair, transparent, and inclusive. President Saliman carefully considered our feedback, and he wants to hear from you as well. We strongly encourage you to attend the campus forums and to fill out your survey.”

AGB Search Managing Principal & CEO Dr. Rod McDavis

“AGB Search was delighted to assist the University of Colorado System with its search for the next Chancellor of CU Boulder. The large number of candidates who applied for the Chancellor's position were highly qualified, very diverse and represented many renowned international and American colleges and universities. The world class reputation of CU Boulder played a major role in attracting top notch candidates for the Chancellor's position.”
